## **Armourshake**

LIMITED LIFETIME ARCHITECTURAL SHINGLES

For a rooftop that stands above the rest, the classic and elegant Armourshake performs far better than any asphalt shingle in its class.

With the natural look of real wood shakes, Armourshake stands out for its ability to defend your roof against the fierce elements of nature. Wood roofs can turn to gray in as little as five years as the sun strips them of their natural resins. By deflecting harsh sunlight and resisting algae, Armourshake shingles boast a good-as-new appearance years after installation.

This premium heavyweight, laminated shingle is set in an intricate shake-look design and detailed with eye-catching color contrasts.
